<input type="checkbox"/> Property appraisal	<input type="checkbox"/> Roof system design	<input type="checkbox"/> Space planning / programming

General Statement of Professional Experience (written by firm)

The applicant provides electrical engineering design services including lighting, normal and emergency electrical power distribution and fire alarm for new and renovated health care facilities, commercial and industrial facilities, and marine facilities as a member of the engineering teams assembled to design these projects. The applicant has been in this business for 33 years.

The applicant also provides electrical engineering services to insurance companies and attorneys in connection with lighting and power distribution cases.
